

# Our **Top Ten Tips** when visiting Disneyland® Paris

## **PLAN YOUR DAY**

Collect your park map & programme at the entrance gates for times of unmissable show, parades, character greeting experiences so you can be in the right place at the right time & don't miss a thing.

## **EXTRA MAGIC HOURS**

Staying at one of the Disney hotels you'll be able to take advantage of Extra Magic Hours when selected attractions open one hour before regular park opening time exclusively for onsite guests. Don't miss the opportunity to enjoy the Parks without the crowds!!

## **HEAD TO THE MOST POPULAR RIDES FIRST**

Your park programme will highlight the best thrill rides, family adventures, fun for little ones and the attractions not to be missed. Our favourite thrills include Big Thunder Mountain in the Disneyland Park® and the Twilight Zone Tower of Terror in the Walt Disney Studios.

## **FAST PASS**

Disney's **FASTPASS**® is a complimentary, easy to use service that cuts the wait time on the most popular attractions in both Disney Parks. Simply insert your Park ticket into the **FASTPASS**® machine at participating attractions and you will receive a return time. Now you can go and enjoy the magic instead of waiting in line, then come back at your ticketed time and enter via the **FASTPASS**® entrance with little wait.
